

AI Usage Disclosure for EduGlean LLC

Effective Date: March 1, 2026

EduGlean LLC (“EduGlean,” “we,” “our,” or “us”) may use artificial intelligence (“AI”) technologies to improve our educational services, platform functionality, safety systems, and user experience.

How We Use AI

AI-powered systems may be used for:

- Personalized learning recommendations
- Tutor and student matching
- Language assessment and educational support
- Fraud prevention and platform security
- Customer support assistance
- Content moderation and safety monitoring
- Analytics and platform optimization

AI-Generated Content

Some content, recommendations, feedback, or educational suggestions provided through the platform may be generated or assisted by AI systems.

AI-generated outputs:

- May contain inaccuracies or incomplete information
- Should not be considered professional, legal, medical, or academic advice
- Should be independently reviewed by users when appropriate

Human Oversight

EduGlean may combine AI systems with human review and moderation to improve quality, accuracy, and platform safety.

Data Usage

Certain user interactions, uploaded content, or platform usage data may be processed by AI-powered systems or third-party AI service providers in accordance with our Privacy Policy.

EduGlean does not use private user content to train public AI models without user consent or another lawful basis.

Responsible AI Practices

EduGlean aims to use AI responsibly and ethically by:

- Limiting unnecessary data collection
- Protecting user privacy
- Monitoring for harmful or biased outputs
- Improving transparency in automated processes
